

Urs Domenig

has been working for the Burkhalter Group since 2010, and has been CFO and a member of the Management Board since January 2022. He is also responsible for the Group's strategy and for the acquisition of new electrical engineering companies.

From 2003 to 2007, Urs Domenig studied Process and Systems Engineering at Chur University of Applied Sciences, specialising in electrical engineering. He is qualified in accordance with the Swiss Federal Low-Voltage Installations Ordinance (NIV2002). He studied for an EMBA in General Management at the University of St. Gallen (HSG) between 2016 and 2018. In October 2022, he completed the MAS Corporate Finance course at the Institute of Financial Services at IFZ in Rotkreuz.

Between 2010 and 2012, Urs Domenig worked as a project manager and Vice Managing Director of the Scuol-based Electra Buin SA, which is part of the Burkhalter Group. He headed the company as its Managing Director between 2013 and 2021, and was also responsible for finances and controlling as part of these roles. Urs Domenig has served as an expert in the final apprenticeship examinations at EIT Graubünden since 2017. He is President of the Board of Trustees of the Burkhalter Group Pension Fund, and is also the Managing Director and a member of the Board of Trustees of the employer-funded foundation of Burkhalter Holding Ltd.
